## ABOUT THE AUTHOR

Donald Firesmith is a multi-award-winning author of speculative fiction, including science fiction, fantasy, paranormal horror, and modern urban paranormal novels and collections of short stories. Because of his strong background in software/system engineering and science, his science fiction is well-researched, and he relies on numerous science, technology, and military technical advisors to ensure that the non-speculative aspects of his stories are realistic and believable.

Prior to retiring to become a full-time novelist and short story author, Donald Firesmith earned an international reputation as a distinguished engineer, authoring seven system/software engineering books and nearly 300 technical articles and conference papers based on his 40+ years spent developing large, complex software-intensive systems.

He lives in Pittsburgh, Pennsylvania, with his wife Becky, and varying numbers of dogs and cats.
